

# THE 1<sup>ST</sup> KTREND NATIONAL CONFERENCE ON SCIENCE, INNOVATION AND SUSTAINABLE DEVELOPMENT (KNCSISD 2026)

IN PARTNERSHIP WITH  
FACULTY OF SCIENCE,  
EDO STATE UNIVERSITY,  
IYAMHO, EDO STATE, NIGERIA

**THEME:** Advancing Scientific Research,  
Innovation and Sustainable  
Development **for National Growth**

 **4 – 6  
NOVEMBER  
2026**

 **EDO STATE  
UNIVERSITY,  
IYAMHO, EDO STATE,  
NIGERIA**

 **HYBRID  
PHYSICAL &  
VIRTUAL**

## ABOUT THE CONFERENCE

The 1st Ktrend National Conference on Science, Innovation and Sustainable Development (KNCSISD 2026) is a premier scientific conference organized by Ktrend Journals in partnership with the Faculty of Science, Edo State University, Iyamho, Edo State, Nigeria.

The conference serves as a platform for researchers, academics, scientists, postgraduate students, industry professionals, innovators, policymakers, and practitioners to present high-quality research, exchange ideas, and foster collaborations that address contemporary scientific challenges and sustainable development goals.

 **SCIENTIFIC MEETING**  
A focused platform for research exchange, innovation, collaboration and scholarly visibility.

 **PHYSICAL & VIRTUAL**  
Participants may attend at the venue or present virtually according to the approved mode.

 **PUBLICATION PATHWAY**  
Papers that pass review may be published free in suitable journals under Ktrend Journals Publishing Service.

 **BOOK OF ABSTRACTS**  
1 approved abstract currently available for this conference.

## CONFERENCE SCOPE

- |                                                                                                                                  |                                                                                                                             |
|----------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|
|  Mathematical Sciences                        |  Agriculture and Food Sciences         |
|  Statistics and Data Science                  |  Biotechnology                         |
|  Computer Science and Artificial Intelligence |  Medical Laboratory Science            |
|  Physics and Applied Sciences                 |  Public Health                         |
|  Chemistry and Industrial Chemistry           |  Nursing and Clinical Medicine         |
|  Biochemistry                                 |  Pharmacy and Pharmaceutical Sciences  |
|  Microbiology                                 |  Engineering and Technology            |
|  Biological Sciences                          |  Renewable Energy and Sustainability   |
|  Environmental Science                        |  STEM Education                        |
|  Geology and Earth Sciences                   |  Interdisciplinary Scientific Research |

## IMPORTANT DATES

|                                                                                                           |                            |
|-----------------------------------------------------------------------------------------------------------|----------------------------|
|  CONFERENCE            | <b>4 – 6 NOVEMBER 2026</b> |
|  ABSTRACT DEADLINE     | <b>30 SEPTEMBER 2026</b>   |
|  FULL PAPER DEADLINE   | <b>25 OCTOBER 2026</b>     |
|  REGISTRATION DEADLINE | <b>31 OCTOBER 2026</b>     |
